

# OH SHIT!

I HAVE TO DESIGN SOMETHING.

PIANO MUSIC

## DRINK SOME COFFEE

IT IS ABSOLUTELY NECESSARY.

## PREPARE NOTEBOOK/PENCIL

I PREFER AN EXPENSIVE DRAFTING PENCIL WITH 0.5MM LEAD, BECAUSE IT LOOKS LIKE I KNOW WHAT I'M DOING.

## REFINE SKETCHES

## SKETCH OUT TWO OR THREE THUMBNAILS

## TAKE NOTES

JOT DOWN ANY IDEAS THAT IMMEDIATELY COME TO MIND.

DECIDE THEY'RE NOT GETTING ANY BETTER AND LEAVE THEM BE.

MORE COFFEE!

## ORGANIZE WORKSPACE

## DO RESEARCH

SOMETIMES IT HELPS.

## MORE NOTES

COLOR, FONT, SIZE, THEME OR FEEL.

## OPEN PROGRAM

## ASK SOME FRIENDS WHAT THEY THINK

USUALLY INCLUDES "WHICH DO YOU PREFER?" AND "BE GENTLE."

## CHANGE STUFF

MAKE MORE DRAFTS

## DO WORK!

CREATE DOCUMENT, HASH OUT DETAILS, QUESTION WHY I WANT TO BE A DESIGNER, COMPLAIN AT MY COMPUTER, DECIDE IT'S NOT THAT BAD, PIECE EVERYTHING TOGETHER.

## TEST PRINT

CRY OVER HOW MUCH THIS WILL COST ME.

## STARE AT MY SCREEN

UNTIL I FIGURE OUT HOW TO APPLY THEIR FEEDBACK.

## STARE AT MY SCREEN

MAYBE THERE'S MORE STUFF I CAN CHANGE?

CONTEMPLATE DROPPING OUT OF SCHOOL

# I DID IT!

THANK GOD THAT'S OVER.
